My Role

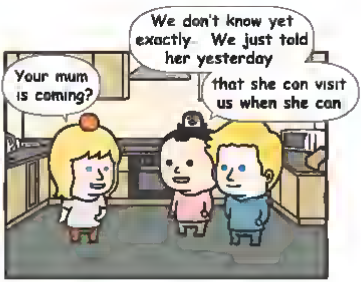
Mev can sometimes be very playful against Gail

Do you want to speak to Penguin?

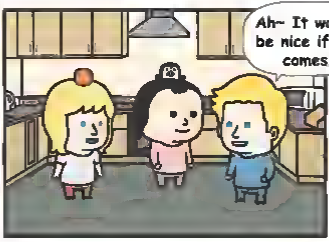
Aw... She said she didn't want to.
Give me the phone! Agh

He just pretends like he doesn't like things.

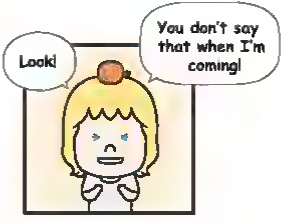
Anyway, for this silly Mev, I have a role.



Your mum is coming?
We don't know yet exactly. We just told her yesterday
that she can visit us when she can

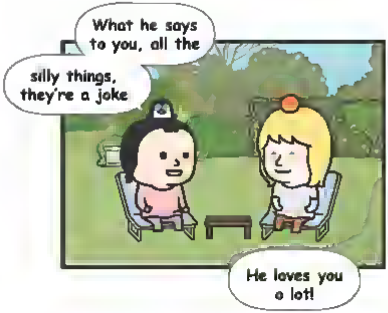


Ah~ It would be nice if she comes.

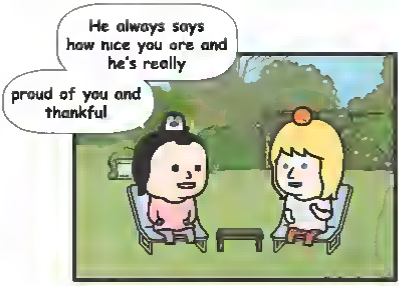


Look!
You don't say that when I'm coming!

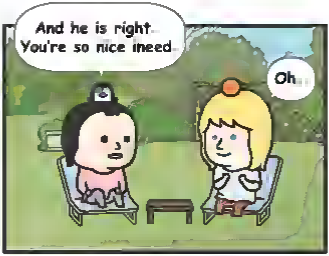
Haha
You know that
I was joking
We both really like
that you visit us.
Yeah, Penguin?



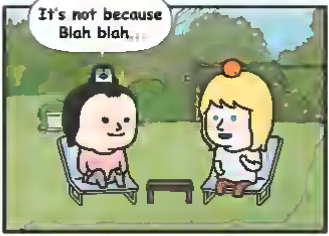
What he says
to you, all the
silly things,
they're a joke
He loves you
a lot!



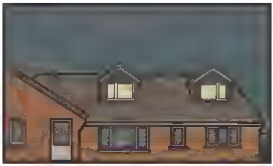
He always says how nice you are and he's really
proud of you and thankful

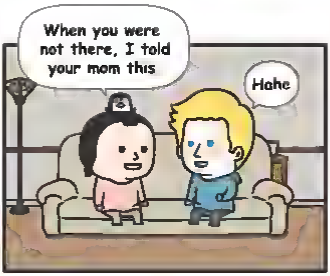


And he is right. You're so nice indeed.
Oh

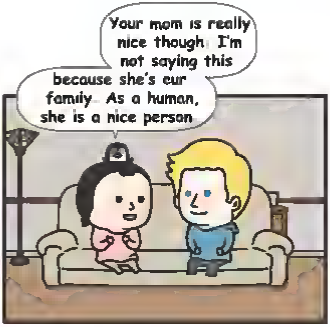


My role is delivering Mev's true heart to her because it's quite embarrassing to say sometimes.



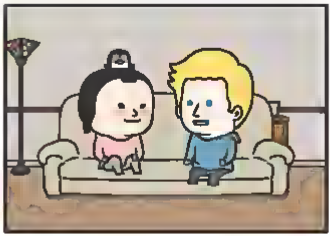


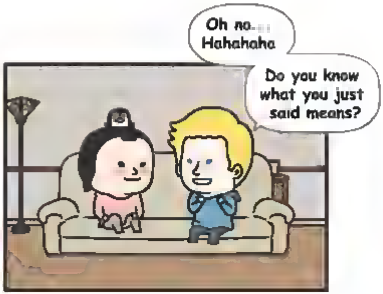
When you were not there, I told your mom this
Haha



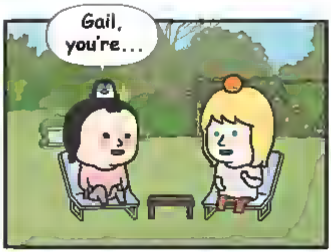
Your mom is really nice though. I'm not saying this because she's our family. As a human, she is a nice person.

It's not because you're my mother in law or we're family

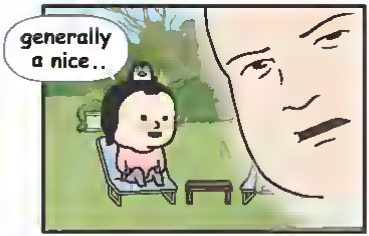




Oh no...
Hahahaha
Do you know what you just said means?

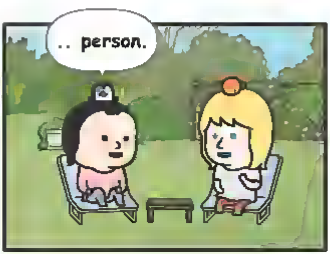


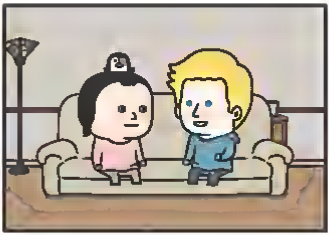
Gail,
you're...



50% is good, and the other 50% is mix of good and bad but it's not too bad I guess,

so you are...





That was why she looked surprised

What I meant was 'genuinely'!!!
